The suitable wax veneers for the ANTERIORES-MODELL-SET[©]

INDICATION: diagnostic wax-ups, streamlined modelling for long-term temporary appliances, drilling templates, efficient layering of synthetic material, composites, ceramics, pressed all-ceramic and pressed-over-metal/ pressed-over-zirconia, form teachings for training and much more.

WAX-UP PROBLEM: Before beginning with a restoration, who would not like to know how the finished work could look (functionally and aesthetically) and so recognise and avoid problems in advance. The solution would be a diagnostic freehand wax-up technique, which is very time-consuming and also demands a lot of intuition, implementation ability and experience on the part of the dental technician. However, freehand waxed-up tooth forms depend on the day-to-day form of the dental technician. Mostly he has his favourite shape which he projects in every work. For these reasons a wax-up is often neglected.

THE SOLUTION: Through the combination of the ANTERIORES-Books, ANTERIORES-MODELL-SET[©] und ANTERIORES-VENEERS-SET[©] for the first time one can efficiently and safely plan and realise dental prosthesis on the basis of natural teeth.

The ANTERIORES-VENEERS[©] are prefabricated, natural wax veneers with distinctive approximal walls and extended cervical area. They are made of a bright, very hard-wearing, non-brittle wax. The wax can be scraped, milled and sanded. It burns without residues and is especially suitable for pressed all-ceramic and pressed-over-metal/ pressed-over-zirconia. The individual ANTERIORES-VENEERS[©] are marked from dorsal with the allocation to the respective ANTERIORES MODELL[©], the name of the respective tooth (e.g. F1 11) and the beginning of the injection ducts always show towards mesial, thus a rapid withdrawal from the box is possible. The set is available in four transparent and compact assortment boxes, suitable for any small drawer.

ANTERIORES-VENEER-SET[©]
1410 Veneers (5 per tooth)
50 g Carving wax
5 g Adhesive wax

SET-Contents:

and

SPEEDY TEXTUR- & FITTING-KIT
7 ml tin Textur- & Fitting-Cream, silver
1 Tele-Textur- & Fitting-Brush, red marten hair
1 Flat-Mirror

SET-price **550,- EURO** plus VAT and postage
